Gotta love John signorelli. He was the 3rd man in the ring with me and gang dude .it was a wwf boxing match. If you guys seen the tape it would crack ou up.  
Wrestling,shoving,spitting,cursing,hitting after bell, throwing the ref outta the way. It was the worst boxing i have ever done.I should YouTube it. The rest of this list is suspect and seems far fetched and smells of cronyism, but what the hell ring 8 is a great thing so it's ok. I can't make this ring 8 but I will be at next one. If it wasn't for boxing I wouldn't be the man I am today and I wouldn't have the career I do. Because I run the MRI center at Winthrop university medical center and the chair of radiology is a boxing fan we want to offer ring 8 members who can't afford it free brain scans to help with diagnoses and monitor for early signs of dementia,ms, stroke and any other abnormality. The lawyers are looking into the legalities with the new government regulation compliance officer. It would seem like a breeze to donate a few scans a month but now that the government is taking over next week things are not that easy. We shall see so keep your fingers crossed.

### **Radam G says:**

Big salutes to you, deepwater. You are doing a grand thing with those MRIs for the needy. More than we can say for the percentage of the big wigs and wannabes of our sport of boxing. Too many people in it are so darn selfishly greedy and seedy. Holla!

### **Bernie Campbell says:**

You forgot to add another category, Sam Watson, Publicity hound of the year!

ditto,.. keep it up.

The middleweight picture is seriously muddled up... filled with a plethora of champions, not fighting each other....

After getting trounced twice in the Super6, Quasi-middleweight Artur Abraham is being celebrated in Germany as "Boxer of the year" after beating Medhi Bouadla at 164lbs recently.

Quillin who has previously called out Martinez, who also managed to duck Pirog(supposedly for receiving his stripped belt), and GGG(for reasons undisclosed), is being called out by Fernando Guerrero (who was dismissed by GGG recently in favor of tough Dominican Gabriel Rosado). That will be a good fight for Kid Chocolate.

While Daniel Geale (who also called out Sergio Martinez) was stripped of his title for ducking GGG in favor of taking on an all Aussie fight with the hungry yet unproven Australian middleweight veteran contender Anthony Mundine.

And finally Sturm after recently losing his title to Geale, is set to face another Aussie vet by the name of Sam Soliman in february.

Hopefully by the end of the year we can see some unification fights, ...Some new faces emerge... (GGG, Korobov, Quillin and Andradae), and say goodbye to some of the older veterans who can no longer keep pace. (they know who they are).

The middleweight division is currently in a state of flux since the majority of the division Champions and leading contenders are International (outside the U.S.) and it has been bidding it's time playing musical chairs in Europe and beyond.

My prediction for 2013 : Triple GGG takes center stage by storm,.. taking out the valiant and courageous Gabriel Rosado in january while becoming conspicuous for the lack of challengers willing to step up and take his crown on the center stage . Eventually someone will step forward and I doubt it will be Quillin. After another couple of wins, Whispers will become a massive warcry for the fight of Century. GGG vs SOG.

you heard it here first.
