Radam G says:

Sorry! But Sugar Shane Mosley no longer has the boxin' funky funk. So on Da Manny "win steak," he won't come close to gettin' a dunk. Da Manny is simply GREAT, and on that it is bloody hard to debunk. Holla!

brownsugar says:

Shanes got some scary looking sparing partners... I dont how true it is, but I heard those guys were beating the crap out of him before the Mayweather fight.

Isaiah says:

Sparring partners? I thought these guys were just a couple of associates Shane played basketball with. What's Shane doing sparring with someone that much bigger than him? (on the right of him). I know size isn't much to an all time boxing great like Mr. Mosley, but there's no need to risk his health against much bigger men unless it's a farce like that Shaq O' Neal thing

for a friendly exhibition. Geez, and I thought Antonio Margarito was bigger than Mr. Pacquiao. LOL!

Thought one of those guys looked like Richardsons nephew, a promising middleweight who was an amateur standout but decided not to go pro. He Helped Shane get prepared for Floyd. but you're right,....those guys are huge...

miguel1 says:
