Dang! Any jive goes up on PPV nowadays. I would not watch this card with the eyeballs of a thousand one-eyed giants. WTF! I'd not even watch it with the eyeballs of 15 15-eyed midgets from Mars. And Martians have antenas coming out of their dang noggins. So you will get awesome reception. True myth I saw it on some old-arse television show where a Martian dude was gettin' on his up-and-down raising of thos antenas. Hehehehehehe! Holla!

Segura-Calderon II, Adamek-McBride On PPV

Finally something Radam and I can agree on! All of these minor fights on PPV are hurting boxing. Who watches these PPVs? Only the best fights make the PPV. I have no problem ordering a big fight on PPV. Have some friends over, make a night of it. Segura-Calderon may be a great fight but who will ever see it? Adamek-McBride will suck and no one will watch. Adamek is fighting corpse after corpse. He is trying to ride that win over Arreola to a Klitchko payday. I got a PPV idea for the Adamek gravedigging crew. Put the title shot on the line vs someone you're own size. Evander Holyfield.
