Mundine fought on bravely despite his corner wanting to stop the fight on several occasions but had no answer for the skill, power, and will of Clotney.

This was the most significant win for Clotney since his World Championship victory over Zab Judah in 2008, for IBF Welterweight crown.

Star Boxing CEO and Founder Joe DeGuardia had this to say about Clotney's performance " I am thrilled that Joshua was victorious today. I knew when I signed Joshua to a promotional agreement he would still be a major force in the Jr. Middleweight division. Joshua has the ability to defeat any Jr. Middleweight in the world and this win sets up potentially major fights for Joshua with the likes of Canelo Alvarez, Erislandy Lara, and my Jr. Middleweight champion, Demetrius Andrade. I am looking forward to Joshua's journey back to the World Championship".
