

"Will Money May win? Probably so, especially in the City of sin. But is he still all that and a bag of chips? NO! He is now a man of tin. If Cotto makes Money May bleed in sweat, Money May will rust. The end of every era is a must. Money May at 35 is full of jive. He does better with greenish and finished fighters, instead of ones who are still kick-a\$\$ alive." --Radam thinks the Mayweather era will soon be over
