

"I can't wait for this fight! The press conferences will be more entertaining than the rest of the heavies actually fighting. I want to say Haye, because he put on a clinic vs the hairy Russian monster. On the other hand the Traveller, Fury, can use back alley tactics and take Haye out. I can't decide and will be looking forward to it because it will be a real fight. Haye might actually try and blast him out right off the bat. Either way it will be the most exciting buildup in all of heavyweight boxing. Sorry Klits." --Deepwater is up in the air on Haye-Fury
